264-F...

Dear Friends,

Thank you for your gift of [REDACTED] to The Children's Aid Society. We are truly grateful for your new partnership with us, especially during these difficult economic times for our children and families. It makes us feel confident about the future to know that there are companies like yourselves who are willing to give so that others with less may have more.

No investment is more important than one that builds a better future for our youth. Charitable support is vital to helping us close the gap between what children from fragile families have, and what they need in order to become happy, healthy and successful adults.

Children's Aid is renowned for offering a full spectrum of programs that address every aspect of a child's life, from infancy to young adulthood. Your generosity allows us to be bold about pursuing innovations that produce long-term, positive outcomes for young people. By choosing Children's Aid as a beneficiary of your giving, you have joined with many others to keep us strong as a champion for children who need a helping hand to reach for their dreams. We count you among a very special group of donors that will be able to make a difference monthly.

Sincerely,

Patricia M. Grayson
Assistant Executive Director

P.S. Please consider this letter your official receipt for tax records, and note that no goods or services were provided in exchange for this gift.
